## A Chic Coop in Walla Walla

The fowl who used to reside in the [Inn at Abeja's](#) chicken coop would be shocked to see its current iteration: exposed roof beams, gas fireplace, king-sized bed, patio. It's just one of the farm buildings covered to lodgings at the posh winery just outside Walla Walla, on an idyllic property lush with flowers and green lawns. The next-door winery is one of the region's best known, so tastings are only a short ramble away.
